

# PASTURELAND

## Regular FY 2004 EQIP Funds ONLY

Check One Only	Forage and Animal Balance with Planned Practices Applied.	
	Producer agrees to do prescribed grazing (528A) as a contracted practice for all CMUs in the contract area. (Incentive payment would be made)	40 pts
	Producer does not agree to do prescribed grazing (528A) as a contracted practice.	10 pts

Practice Application		Points for each group
Check all proposed practices included in EQIP application within each practice group		
Group 1	<input type="checkbox"/> Water Well (Livestock) <input type="checkbox"/> Pond (Livestock) <input type="checkbox"/> Pipeline (Livestock) <input type="checkbox"/> Pumping Plant <input type="checkbox"/> Pond Sealing <input type="checkbox"/> Fence <input type="checkbox"/> Diversion <input type="checkbox"/> Windbreak/Shelterbelt Establishment <input type="checkbox"/> Watering Facility (Livestock)	5
Group 2	<input type="checkbox"/> Brush Management <input type="checkbox"/> Critical Area Planting <input type="checkbox"/> Animal Trails and Walkway <input type="checkbox"/> Prescribed Grazing (Deferred Only- see footnote in screening)	10
Group 3	<input type="checkbox"/> Streambank & Shoreline Protection <input type="checkbox"/> Riparian Forest Buffer <input type="checkbox"/> Stream Habitat Improvement & Mgmt <input type="checkbox"/> Wildlife Watering Facility <input type="checkbox"/> Constructed Wetlands <input type="checkbox"/> Wetlands Restoration <input type="checkbox"/> Wetlands Enhancement <input type="checkbox"/> Shallow Water Mgmt. for Wildlife <input type="checkbox"/> Tree and Shrub Establishment <input type="checkbox"/> Early Successional Habitat Devl/Mgmt <input type="checkbox"/> Conservation Cover <input type="checkbox"/> Prescribed Burning (see footnote in screening for use)	15
Group 4	<input type="checkbox"/> Nutrient Management (Points only applied when nutrient management is applied and required plan is developed as part of contract)	10
	Pest Management (Invasive/Noxious weeds) (Points only applied when nutrient and pest management are applied and required plans are developed as part of contract)	10

Irrigation Water Management		Points
Check if applicable to contract	<input type="checkbox"/> Irrigation Water Management (Non-G&SW) (Incentive practice/\$2.00/ac. rate) (IWM plan and monitoring as part of incentive payment, no metering required)	2
	<input type="checkbox"/> Sprinkler or Micro Irrigation retrofit	3
<b>Percent increase in irrigation system efficiency from Irrigation Water Management-Water Quantity Worksheet</b>  <b>Circle One Only</b>	41% increase in irrigation efficiency	13
	31-40% increase in irrigation efficiency	10
	21-30% increase in irrigation efficiency	7
	11-20% increase in irrigation efficiency	4
	5-10 % increase in irrigation efficiency	2
	< 5 % increase in irrigation efficiency	1

Select Only One	Grazing Management with Practice Application	
	Selected planned management to be attained with EQIP practice application	
	Grazing rotation with 6 or more pastures per herd & each pasture is grazed more than one time each grazing season. Periods of grazing use coordinated with irrigation Schedule and forage crop re-growth period	20
	Grazing rotation with 3 to 5 pastures per herd & each pasture is grazed more than one time each grazing season	12
	Grazing rotation with 2 pastures per herd & each pasture is grazed more than one time each grazing season	4
	No scheduled grazing rotation	0
<b>LOCAL WORK GROUP LAND USE PRIORITY</b> (Points will only be taken for the land use associated with primary resource concerns identified by local work group. For Example – group identified problems associated with grazing land health as their major primary concerns to be addressed through EQIP, then 10 points would be taken)		10
<b>TOTAL POINTS (Pastureland)</b>
